Dear railML community,

We would love to invite you to take part in a scientific study concerning the state of the art of Open Data Exchange approaches in mature sectors.

The study is part of the project IN2SMART, a project of the Shift2Rail Joint Undertaking, funded under the Horizon 2020 Research and Innovation Programme of the EU (H2020).
In brief, IN2SMART is made of the following three interlinked Technology Demonstrators:
- Railway Information Measuring and Monitoring System (RIMMS).
- Dynamic Railway Information Management System (DRIMS).
- Intelligent Asset Management Strategies (IAMS).

We would very much appreciate, if you take 30-45 minutes of your time, to fill out the following questionnaire:

https://ts.dlr.de/umfrage/IN2SMART-ODE-SoA

The survey ends on 24th of April 2017.

We would like to thank you for your participation.
Your responses will of cause be saved anonymously and treated with confidentiality.

Kind Regards
