Subject: wiki: missing attribute description for additionalTrainNumber at <train> Posted by Andreas Tanner on Wed, 02 Jan 2013 10:30:49 GMT View Forum Message <> Reply to Message

Dear group,

the wiki page for <train> does not list the additionalTrainNumber among the specific attributes of train. I think this is an omission.

--Andreas.

Hi,

this issue is part of the greater "unique train identification" discussion. https://trac.assembla.com/railML/ticket/236

Kind regards, Joachim

Joachim Rubröder Schema Coordinator: railML.timetable
