Subject: Re: [railML2] Re: Meaning and usage of @shuntingTime
Posted by Milan Wölke on Mon, 28 Sep 2020 16:33:14 GMT

Hi all,

in the last timetable developer group meeting this issue was discussed. We decided that //ocpTT/@shuntingTime should be set deprecated. Additionally the wiki documentation for //ocpTT/stopDescription/stopTimes/@shuntingTime should be improved. This will be published with version 2.5 of railML.

Best regards, Milan
