Subject: Re: "stop post" / "platform edge" reference from ocpTT
Posted by Joachim Rubröder railML   on Tue, 20 Nov 2012 16:04:41 GMT

Hello everybody,
the references from 'stopDescription' to 'stopPost', 'platformEdge' and
'serviceSection' are now available:

* 'serviceSectionRef' as referencing sub element (as decided at the railML
meeting in Zurich)
* 'platformEdgeRef' as referencing sub element (as decided at the railML
meeting in Zurich)
* 'stopPostRef', as referencing attribute

http://trac.assembla.com/railML/changeset/495
http://trac.assembla.com/railML/changeset/492
http://trac.assembla.com/railML/changeset/480

Please check if this level of detail is sufficient!

Kind regards,
Joachim
