Subject: "any-attribute" (foreign namespace) in circulation element
Posted by on Tue, 09 Jun 2015 15:27:24 GMT
View Forum Message <> Reply to Message

Dear all,

we need to extend the circulation element with attributes in our own namespace. Unfortunately, the circulation element is the only element in the "rosterings" hierarchy, which does not contain an "any attribute" so far. So we ask for the extension of the circulation element with an any attribute within the next release.

Kind regards.
Christian Rößiger

Dear Christian,

can you please check if the attached/updated timetableTypes.xsd includes the change you are requesting?

Best regards,

Philip Wobst

Dear all,

I forgot to post my answer on Philips question to the forum:

The attached proposal is ok for our needs.

Best regards
Christian Rößiger
